Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Saturday 16 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain and snow clearing to sunny spells and isolated showers.

Today:
Starting cloudy and windy with outbreaks of rain and hill snow soon becoming lighter and more patchy from the west. Becoming dry with sunny spells developing through the afternoon. Maximum temperature 7 deg C (45 deg F).

Tonight:
Patchy frost developing overnight, but with a few showers spreading east. Any showers confined to western hills by morning, with some good clear spells developing across eastern parts. Minimum temperature -1 deg C (30 deg F).

Sunday:
A chilly but dry start with some sunny spells. However, cloud will thicken from the west through the afternoon, bringing a little rain by evening. Maximum temperature 5 deg C (41 deg F).

Outlook for Monday to Wednesday:
Monday breezy and rather cloudy with a few showers, and more general rain in the evening. Tuesday milder but wet and windy, with rain clearing to scattered showers on Wednesday.
